

Farmers' Store News

To Our Patrons

As you all know, the credit policy of your store has been thirty days, with the first ten days of the following month for good measure. Owing to last year's exceptional conditions of crops and markets, etc., we have not been adhering strictly to these terms. Unfortunately, we find that we cannot continue this policy. At our annual meeting our shareholders almost unanimously voted in favor of the strict thirty days' policy, all accounts to be paid in the first ten days of the following month. Any of our patrons, whether shareholders or not, who did not hear the discussion at the meeting we would ask that you talk it over with us, for we feel that you, along with those who voted, will agree that this policy is not only in the best interests of your store, but also of your own.

Thanking you for your co-operation, which has built for you one of the best co-operative stores in Alberta, but which after all is only the thin edge of the wedge of what co-operation can do for you and your community, if we all co-operate truly in spirit and deed.

Boy Scouts and C.G.I.T. Girls Stage Debate

On Friday evening last the Delia Church, before a fair sized audience, the C.G.I.T. and Boy Scouts staged a debate. There were two questions on the debate paper: "Resolved, that the Chinese and Japanese should be excluded from Canada," and "Resolved, that the U.N.A. Act should be amended so as to have a national system of education."

Mr. Wayne Stirling, L.B. acted as moderator, and commenced the proceedings by asking the audience to rise and sing, "O Canada," while Canadian singing was afterwards taken part in by everyone taking part.

The chairman, in a stirring address, then introduced the competition on the first question to be debated. "Resolved, that the Chinese and Japanese should be excluded from Canada." This was led by Lawrence McLennan, a member and able speaker.

Miss Ivy Dunlop took the negative side, and eloquently the Chinese and Japanese in glowing terms. The theme of her argument was that the Chinese and Japanese have all the virtues, while the white races possess all the vices. If this information is gleaned from the school books we say it must be all wrong, just as the statement is correct as it was taught last year regarding what the Arctic.

Peter Thompson, then spoke for the affirmative. He depicted him self miserably, and drew forth much laughter and applause by his witty remarks concerning what had been said by the previous speaker.

Miss Catherine Meyers was next for the negative, and spoke in support of her colleague. Drawing in the good points of the Chinese and Japanese she said that in fact in favor of the orientals in an excellent manner.

At the close of the affirmative, Lawrence McLennan, was given a few minutes for rebuttal. His rebuttal was attentively listened to. The judges were then called in by the chairman, and in their absence a sketch was put on by four girls, in the person of the Misses Evelyn McLennan, Elsie Meyers, Evelyn Walker, and Evelyn Brown. This had to do with two of the girls working with each other in military fashion's whites, ending up by all in a salubrious skin of animal's regalia, especially by Miss Evelyn Walker.

A pianist piece was rendered by the Misses Margaret Grant and Thomas Downes. In his style.

after which the judges arrived and announced that their decision on both cases would be given together. The next question to be debated was "Resolved, that the U.N.A. Act should be amended so as to have a national system of education."

"taken part in by the Misses Marion Bigler and Dorothy Downes for the affirmative, while the negative was taken by George Lowe and Allan Simpson.

Both girls did not finish their arguments in a clear and concise manner and explained from many points just why the Act should be amended. They spent about half an hour in this way before the judges, to be desired. It would be difficult to say which was the best.

As regards the judge, George Lowe and Allan Simpson, who respectively took the negative side of the question, it can be said both boys acquitted themselves most creditably.

The leader of the affirmative side, Miss Marion Bigler, was also given several minutes for rebuttal, after which the judges again retired, and community singing led by Mrs. Newcombe at the piano was indulged in by all present.

As the return of the judges the leader, Mrs. W. J. Bane, was called on by the chairman to hand out the prizes for debating. The chairman, Mr. Peter Thompson, then spoke for the affirmative. He depicted him self miserably, and drew forth much laughter and applause by his witty remarks concerning what had been said by the previous speaker.

Miss Catherine Meyers was next for the negative, and spoke in support of her colleague. Drawing in the good points of the Chinese and Japanese she said that in fact in favor of the orientals in an excellent manner.

Health Service of the Canadian Medical Association

QUARANTINE AND WHY?
If there are to do us any harm, the germs of disease must first gain entrance into our bodies. In tropical and sub-tropical countries, the disease spread by the insects and the germs are the great problem. In our country, the insect born diseases are not a serious consideration.

Those which long have in number and gravity are those communicable diseases which are spread by the transfer of nose, mouth and throat secretions. Approximately ninety per cent of all the cases of communicable diseases in this country have been spread by the transfer of the nose, mouth and throat secretions. The best way to prevent a communicable disease is for the individual to build up his immunity or resistance to the disease. Fortunately this is practical measure for such diseases as small-pox and diphtheria, against which an immunity may be secured by means of vaccination and immunization. In order to prevent the spread of those diseases against which protection cannot be secured by building up an immunity, it is necessary that the transference of the germs should be stopped.

The law which requires the isolation of the sick and the quarantine of the house is a not only necessary for the interests of the sick person. It is a law which represents the public opinion which is in favor of restricting the spread of the disease, from, or exposed to a communicable disease, in order to separate them from well persons and so prevent the spread of the disease.

It is to be regretted that a considerable number of persons who are otherwise of the law-abiding class, and who are in fact of conscientious communicable diseases by isolation and quarantine, are apt to believe that it affects themselves. The law which requires the isolation of the sick and the quarantine of the house is a not only necessary for the interests of the sick person. HANNA PRESBYTERY

The Hanna Presbytery convened in Knox Church, Delia, on Tuesday and Friday of last week. All the members were present, including the Hagers, who were recently appointed to the Bonfield field. Dr. T. Powell, Minister of Hanna, was secretary and welcomed the visitors. There were also the lay representatives, Mr. Lloyd Stuart, the representative of Delia, and Mr. J. G. Old, of Hanna, had donated to give a paper on "Work among the Orientals on the Pacific Coast." As the work was to do so, Rev. J. V. Hovey was asked to read the paper. The discussion was carefully reviewed, pointing out the difficulties to be overcome and how the Christian Church and other agencies were trying to bring aid and promote friendly relations between the Orientals and the Whites. Especially in the West Indies, the Oriental situation requires the most careful and sympathetic treatment. The discussion was interesting and spirited.

In the afternoon, Rev. E. S. Parfitt occupied the chair. After a short introduction, the following paper was read by Rev. J. V. Hovey, of Hanna, to give the paper on "The present situation in China, and how to meet it." The Chairman gave us a vivid picture of the present situation in China, and the conditions are very poor. The United Church of Canada is trying to minister to 20,000,000 people in the land. For some time there was a stringent famine and much suffering, but now the situation is improving. The Presbyterian Church is also doing its best to help. The mission is to bring the Gospel to the people, and to help them to live better lives. The mission is to bring the Gospel to the people, and to help them to live better lives.

Thursday afternoon the business session was opened, and Rev. J. V. Hovey occupied the chair. The first item on the agenda was a report from the Hanna Presbytery. The report was read by Rev. J. V. Hovey, and it was found that the Hanna Presbytery was doing well. The report was read by Rev. J. V. Hovey, and it was found that the Hanna Presbytery was doing well. The report was read by Rev. J. V.
